## THE DISPATCH

To witness the Performance of Mr.

**Charles B. Hanford**

and his company in,

**MUCH ADD ABOUT NOTHING**

at the Brainerd Opera House on

**THURSDAY EVENING January 29**

### Read This Interesting Offer.

Last year the Brainerd Dispatch, mindful of the able services of the corps of teachers in our city schools, decided to give a theatre party to the one who, by coupon vote, should be decided the most popular among pupils and friends. The contest was a spirited one and such an excellent showing was made by several of the candidates who did not win the prize, that The Dispatch has decided to make the same offer again.

### The Same Star Selected.

The entertainment selected for the contest last year was Mr. Charles B. Hanford in *The Taming of the Shrew*. No more delightful performance was seen in Brainerd last year and for this reason, and the extremely favorable reports received of Mr. Hanford in *"Much Ado About Nothing"* indicate that an equally fine dramatic treat is in store. Mr. Hanford will appear as Benedict, and Miss Marie Drofna as Beatrice.

### The Method of Voting

is very simple. Cut out the accompanying coupon, fill in with the name of your favorite teacher in the city schools, and send or bring to The Dispatch office on or before noon on Wednesday, January 28.

THE WINNER may have the choice of six of the best seats in the Brainerd theatre (box if preferred). The Dispatch has made arrangements accordingly, and the tickets will be sent to the winner in plenty of time for her to make up her party. The standing of the contestants will be published from time to time. Six of the best parquette seats in the house will be reserved from the sale for the winner, if she prefers them to a box.

## LINER ST. LOUIS SAFE

NANTUCKET LIGHTSHIP REPORTS  
THE VESSEL PASSING EN  
ROUTE TO NEW YORK.

## SHIP MOVING VERY SLOWLY

Owing to the Fact That a Heavy Gale Was Blowing at the Time, Signals on the Vessel Were Unintelligible—Appearances Indicated That the Big Liner Was Short of Steam Power, and Signals Thought To Imply So.

New York, Jan. 17.—Word reached this city during the evening that the American line steamer St. Louis, from Southampton, Jan. 3, for New York, was sighted off Nantucket lightship at 6:40 o'clock p. m. Signals were made to the South Shore lightship, but owing to the fact that a heavy gale was blowing, they were unintelligible. The slow rate of speed at which the St. Louis was traveling indicates that unless it should be assisted it will not reach New York until late Saturday night. Appearances indicated that the St. Louis was short of steam power and the signals were thought to imply that trouble with her boilers had been experienced.

Clement A. Griscom, Jr., said that the agents of the line had heard nothing of the St. Louis beyond the fact that she had been sighted. It was not considered necessary, he said, to dispatch a vessel to her assistance, as, if aid be needed, the St. Louis will have ample opportunity to signal for it when she arrives off Fire Island. He does not expect that the St. Louis will reach Sandy Hook before noon.

## GONZALES SLOWLY DYING.

Change for the Worse in Lieutenant Governor Tillman's Victim.

Columbia, S. C., Jan. 17.—Editor N. G. Gonzales, who was shot and seriously wounded by Lieutenant Governor Tillman on the most traveled street in the capital of South Carolina, was slowly sinking at 3:20 a. m. There has been a change for the worse. The best doctors in this part of the state are doing all they can to save his life, but hold out little hope of his recovery. At the same time, Mr. Gonzales is making a plucky fight for his life, and as he has a strong constitution, excellent habits and a resolute will, it is thought there is a chance he may pull through, notwithstanding his critical condition. His condition and the details of the tragedy are almost the only topics of conversation in South Carolina. Telegrams came throughout the day from all parts of the state and from many places beyond its borders, expressing sympathy and asking for the latest news as to his condition.

Mr. Tillman made this statement: "When the truth of the unfortunate affair is known, my friends, as well as the people, will know how thoroughly I was justified in acting as I did. The statements in the papers are untrue, and at the proper time this I will be prepared to show."

## FREIGHT TRAINS COLLIDE.

Three Trainmen Seriously Injured Near Litchfield, Ill.

Litchfield, Ill., Jan. 17.—An east-bound fast freight and a west-bound local freight train on the Big Four railroad collided at the bottom of a hill thirty miles east of here during the night. The engine crews of both trains jumped, but Engineer Krapf of Mattoon, Fireman Green of St. Louis and brakeman Myers of Mattoon, all of the local freight, were seriously injured. Engineer Krapf probably fatally. The "battle engines" exploded and rolled down the embankment, and forty cars, many of them loaded with flour, cotton and iron, were destroyed. The cause of the wreck is supposed to be due to conductors not reading orders carefully. The Litchfield fire department is fighting the fire which sprang from the debris of the wreck.

## FATALLY INJURES SIX MEN.

Four Kegs of Powder Explode in a House at Windber, Pa.

Johnstown, Pa., Jan. 17.—Four kegs of powder exploded in a Slav boarding house at Windber during the evening. John Chupa, Stacco Chupa, Meek Soutemba, Frank Fresak, John Modes and M. Felerick are believed to be fatally injured. The men were seated together in a room and it is said the one of them was endeavoring to dry a quantity of the powder when the explosion occurred. The side of the building was blown out and the six victims were found unconscious on the floor.

## EX-SPEAKER KELLY ON TRIAL.

Taking of Testimony Begins in Bribery Case at St. Louis.

St. Louis, Jan. 17.—After two days of questioning veniremen, a jury was finally secured during the day for the trial of Charles F. Kelly, former speaker of the house of delegates, on the charge of bribery. Kelly's attorneys made a motion for a change of venue from St. Louis, but the motion was overruled and the trial ordered to proceed. The taking of testimony was begun late in the afternoon.

## WILL NOT DISCUSS POLYGAMY.

Utah Senatorial Nominee Shows a Reporter the Door.

Salt Lake, Utah, Jan. 17.—Apostle Smoot, who is at his home in Provo, was interviewed during the day.

"You state in a morning paper that you are not a polygamist, and, as a Mormon and as an apostle, have never been asked to practice polygamy or preach it, or advise others to practice it. Will you answer another question?" he was asked. "Do you believe in polygamy?"

"I will not, I will not, I won't," broke in Mr. Smoot before the reporter could finish the question.

"Will you not answer the plain question, do you believe in polygamy?" persisted the reporter.

"I will not answer. I have been misquoted and my statements misconstrued by Salt Lake papers and thereby I am injured in Washington," the apostle declared, as he showed the reporter the door.

## PRISONER ROASTED TO DEATH.

Spaniard Tells Glenn Courtmartial of Killing of an American.

Manila, Jan. 17.—At the continuation during the day of the trial of Major Edwin F. Glenn of the Fifth Infantry, who is charged with unlawfully killing seven prisoners of war in Samar, a Spaniard who was at one time held prisoner by the insurgents, testified that while he was confined at the headquarters of General Lukban, in Samar, in May of 1900, he saw an American prisoner roasted to death. The Spaniard said that sticks were driven into the man's body and he was slowly turned over the fire until dead. The body was then left to be devoured by hogs. He did not know the man's name, but thought he was an officer. Several American officers and men were captured or reported missing in Samar in 1900, and the victim is believed to be one of these.

## HOLD UP PASSENGER TRAIN.

Newman (Ill.) Citizens Take Every Chunk of Coal Off the Tender.

Mattoon, Ill., Jan. 17.—The citizens of Newman, a small village on the Indiana Decatur and Western railroad, during the day held up a passenger train in order to get coal. When the train, known as the Decatur accommodation, pulled into Newman, a crowd of angry citizens surrounded the engine, compelled the engineer to shut off steam and then took every chunk of coal out of the tender. The cause of this action was a report that there was coal on the siding at Montezuma, Ind., billed for Newman and the railroad company refused to haul it. It has since been learned that the report was untrue and as soon as the coal was delivered to the road it was hauled to Newman.

## OHIO MINERS ADJOURN.

Convention Favors an Advance of \$1 a ton for Miners.

Columbus, O., Jan. 17.—The Ohio miners' convention completed its work during the day.

The report of the scale committee, which provides for a flat advance of 25 per cent for all mine workers in the state, was accepted. The present scale is based on a rate of 80 cents a ton for pick mining and the advance asked means \$1 a ton. The committee favors a single standard "run of mine."

The convention also voted to increase the assessment for the defense fund from one-half of 1 per cent to 1 per cent.

## KILLED FIVE BOLOMEN.

Constabulary Inspector Attacked by Thirty Filipinos.

Manila, Jan. 17.—Constabulary Inspector Fletcher, while traveling alone in the province of Albay, Luzon, last Wednesday, was attacked by thirty bolomen. Fletcher killed five of his opponents, but was himself wounded. He escaped, however, and formed a party which pursued the bolomen, overtook them, and killed six more.

Death sentence has been imposed upon one of the natives who murdered five American soldiers in the cemetery at Binangonan, Luzon, on Decoration day of last year.

## LIVE STOCK CONVENTION ENDS.

Meeting Will Take Place at Portland, Ore., Next Year.

Kansas City, Jan. 17.—The sixth annual convention of the National Live Stock convention adjourned during the afternoon to meet next year at Portland, Ore., after electing all the old officers for the ensuing year and taking the initiative in a systematic campaign of legislation against the proposed packing house merger.

A resolution introduced by Frank M. Stewart of South Dakota, protesting against the packing merger, was adopted.

## Disbrow Acquitted of Murder.

Riverhead, L. I., Jan. 17.—Louis A. Disbrow was acquitted during the day on the charge of killing Clarence Foster at Good Ground on the night of June 2. The verdict was reached by the jury after brief deliberation. The strongest point made against the accused was that he was the last person seen with Foster and Miss Lawrence on the night of the tragedy. The contention of the defense was that Foster and the girl committed suicide.

## Buried Under Corn.

Bismarck, N. D., Jan. 17.—George W. Moffet, a farmer of this county, was instantly killed during the day by the collapsing of the second story of his granary, burying him beneath several hundred bushels of corn. He left a wife and eight children.

## CRAZED WITH JEALOUSY.

Chicago Man Kills His Sweetheart and Himself.

Chicago, Jan. 17.—E. J. Conlin, lying in wait for his sweetheart, Jennie Dwyer, who had gone to a party with another suitor, shot and killed her upon her return home. He also shot Frank F. Merritt, of whom he was jealous, and then turned the weapon upon himself. A bullet entered his head and he will die.

The shooting took place on the porch of the young woman's home, 6526 Vincennes avenue. Merritt and Miss Dwyer were ascending the stairs when the crazed lover sprang in front of them from behind a storm door. He had the revolver in his hand. Their laughter as they came along the street had frenzied him, and when they mounted the steps he jumped from his place of concealment.

"Don't shoot, Gene," exclaimed the horrified girl as she turned to flee. But Conlin was too quick for her. He grabbed her by the arm, and, pressing the revolver to her forehead, fired. She reeled down the steps and fell dead. Merritt attempted to wrest the pistol from the hand of the crazed lover, but he was thrust aside. Another shot was fired and the bullet lodged in Merritt's jaw, causing a serious but not dangerous wound.

Thinking he had killed them both, Conlin walked a few steps toward the sidewalk and then shot himself in the head. The doctors at Englewood Union hospital say he cannot live.

"I am pleased to give my experience with Wine of Cardui as I am very grateful for its help. After my first baby was born I could not seem to regain my strength, although the doctor gave me a tonic which he considered very superior, but instead of getting better I grew weaker every day. My husband came home one evening with some Wine of Cardui and insisted that I take it for a week and see what it would do for me. As he seemed to have so much faith in it I did take the medicine and was very grateful to find my strength slowly returning. In two weeks I was out of bed and in a month I was able to take up my usual duties. I am very enthusiastic in its praise."

hers, as are their ambitions, triumphs and defeats. Healthy women do not suffer miscarriage nor does a woman who is healthy suffer tortures at childbirth. It is the woman who is ailing—who has female weakness—who fears the ordeal of becoming a mother. Wine of Cardui builds up the womanly in a woman. It stops all unnatural drains and strains—irregularities which are responsible for barrenness and miscarriage. It makes a woman strong and healthy and able to pass through pregnancy and childbirth with little suffering. After the ordeal is passed the Wine prepares a woman for a speedy recovery to health and activity.

Wine of Cardui, in re-inforcing the organs of generation, has made mothers of women who had given up hope of ever becoming mothers. Wine of Cardui will cure almost any case of barrenness except cases of organic trouble. How can you refuse to take such a remedy that promises such relief from suffering? Wine of Cardui simply makes you a strong woman, and strong, healthy women do not suffer. They look forward to motherhood with joy.

How much easier it will be for the Minneapolis papers to criticize the acts of the legislature than it would have been had Johnson been elected speaker.

A new four per cent gross earnings tax bill has been introduced into the legislature, and it is said the railroads have abandoned opposition to the measure.

It is now the fashion to hold up coal cars all over the country wherever they can be found. Twelve cars for Minneapolis were yesterday seized in an Illinois town.

The discussion is getting interesting, and Alvah Eastman calls W. E. Verity a nine spot. The Journal-Press and the Wadena Tribune editors should not be allowed to come together in personal combat.

The Aitkin Republican shows evidence of having been blessed with a liberal share of the prosperity which has been floating around in the northwest for some time. Its publisher has installed a new power press gasoline engine and jobber, in a new home erected for the future abiding place of that excellent paper.

SAYS the Duluth Herald: "The trading stamp evil dies hard. Every now and then it tries to raise its head in Duluth and as often gets a quietus. It subsides for the time being but, when apparently new things have again settled down to a normal serenity, it again comes forth and sings its siren song and uses its insidious wiles upon the merchants." It is different here. The merchants had one experience and that was enough for them.

### ATTEMPT TO BRIBE A MEMBER OF GRAND JURY INVESTIGATING GOEBEL MURDER.

### JUROR MAKES STATEMENT

James Riddel Tells Judge Cantrill at Frankfort of How a Man Came to His Home and Offered Him Money to Give Information of the Testimony Which Henry E. Youtsey Had Given the Grand Jury.

Frankfort, Ky., Jan. 17.—A sensation was caused in the Franklin circuit court during the day when Circuit Judge Cantrill summoned the grand jury, which has had under investigation the Goebel murder case, hearing the testimony of Henry E. Youtsey, in open court. Judge Cantrill said to the jury:

"Gentlemen, I understand that certain person or persons have approached some member of the jury and made inquiry as to matters which have been before this jury. If this is a fact, I want you to report it to the court, or if there have been any overtures or intimations to you."

Mr. James Riddel, who lives at Benson, arose and stated that on his return home Thursday night, a man of medium height, with black hair, well dressed, and of good address was at his home. He stated:

"The man gave his name as McDowell and said his home was at Indianapolis; that he knew W. S. Taylor; that he knew I was a member of the jury which had the investigation of Henry E. Youtsey; that since the investigation of this case and the testimony of Youtsey that Taylor was much worried, had grown thin and emaciated; that he (McDowell) knew who all the members of the jury were, had a diagram of their houses and knew where they lived. He said he wanted to talk privately with me and said that

He Wanted Information about the testimony of Youtsey and would get money for it and that he would divide with me.

"He called me outside of the house and stated that if there was enough evidence against Taylor to convict him (Taylor) that he, with others, would kidnap Taylor and bring him here and divide the reward with me. He then offered me money which he had in his hand and I refused it; then he shoved some money in my vest pocket and told me to buy me a hat with it; that he saw there was no opportunity to get the information. He said he was stopping at the Capitol hotel and had driven out to my house."

The judge instructed the money to be turned over to the trustee of the jury fund, which was done, and the grand jury was instructed to investigate the matter. A warning to secrecy was given.

To a friend, Riddel said: "This man said that there was \$2,000 offered for Taylor's delivery at Frankfort and that he would give me one-fifth of the money if I would tell all that Youtsey had told about the conspiracy to kill Governor Goebel. I told him that I could not be induced to tell any one what I had heard Youtsey say in the jury room, and that I had not even told my wife that Youtsey was before the jury."

### SUES FOR DIVORCE.

Man Sent to Stillwater From Mille Lacs County Is Made Defendant in Divorce Case.

Many in Brainerd will doubtless remember the time that U. L. Greenhough was arrested at Mille Lacs about two years ago and was afterwards sent to states prison for the crime of felony. The following taken from the St. Paul Dispatch in connection with the case will be of interest:

Mary A. Greenhough, living in Mille Lacs county, has commenced an action for absolute divorce from Uriah L. Greenough, who is now acting as coachman for Warden Wotter, of the state prison. She also asks for the custody of their 6-year-old son. She is 34 and he 45 years old. They were married in St. Cloud in 1895. The husband is serving a term in the state prison for a felony, and that is the ground for divorce. He is eligible to parole very soon.

### PLANNED BY A WOMAN.

Montana Authorities Arrest Several Alleged Bank Robbers.

Red Lodge, Mont., Jan. 17.—In the arrest Thursday night of Jack Kirby and William Judenan for complicity in the holdup of the Bridger bank about a month ago, the authorities have unearthed the fact that the robbery was planned by a woman well known in this section and executed with the knowledge of at least eight different persons, all living in Carbon county. The following persons have been arrested for the robbery: Matthew Wallace, Jefferson Lindsay, Patrick Murray and William Countryman.

Sheriff Potter secured an alleged partial confession from Murray, who says that the robbery had been planned a week before it was pulled off by Wallace, Kirby and Judenan. Judenan held the horses while Wallace and Kirby held up the bank. The three men returned to the "Rain" MacDonald cabin the following morning, where Sheriff Potter and his posse captured them. Murray says the men had a dispute over a division of the spoils and a fight nearly arose because Kirby, who had charge of the plunder, claimed to have lost part of it on the road. Kirby had about \$1,200 to divide. Murray claims he was innocent of any complicity in the holdup.

### LIFE INSURANCE SWINDLE.

Serious Charge Against an Italian in New York.

New York, Jan. 17.—Bartolome C. Cirino, an Italian, is under arrest here charged with swindling life insurance companies. It is alleged that he was implicated in a scheme by which several of the leading companies of the country were induced to part with from \$1,000 to \$3,000 each. In 1901 policies were issued on the life of a man supposed to be Raphael Trambarulo, who was examined and found to be a good risk. Last month Trambarulo was reported dead and in several cases the face of the policy was paid. The companies had the body exhumed and it was found to be that of a man about eighty years old and with both the right arm and leg missing. The money had been paid to a woman claiming to be Trambarulo's daughter.

### MILES OF WIRE STOLEN.

Seven Expert Linemen Arrested at Grand Rapids, Mich.

Grand Rapids, Mich., Jan. 17.—During the past six months the Bell Telephone, Citizens' Telephone, Interurban and Street Railway companies of this city have been systematically robbed by expert linemen, and seven men are in jail charged with robbery.

During the period named, miles of copper trolley and telephone wire have been stolen. The wires, sometimes a miles at a stretch, were taken in one night, and as cheap iron wire was substituted, no interruption would occur in the operation of the systems.

It was stated during the evening that a prominent business man, whose name the police would not divulge, would be arrested, charged with being an accomplice and leader of the gang.

### Hawaiian Multi-Millionaire Dead.

Honolulu, Jan. 17.—Paul Isenborg is dead at Bremen of peritonitis. He was a capitalist and leaves a fortune variously estimated at from \$5,000,000 to \$10,000,000. He leaves two sons, one a senator of Hawaii. The banks and stores closed as a mark of respect to his memory.

### Boer Generals Coming "Again."

Brussels, Jan. 17.—A telegram received here from General Botha announces the intention of the Boer generals to make another tour of Europe, starting next February. They will go also to the United States.

**First Step in Chinese Reform.**  
London, Jan. 17.—A special dispatch from Peking says the censor's office has memorialized the dowager empress to resign in favor of the emperor as the first step in the policy of reform.

The following persons have been arrested for the robbery: Matthew Wallace, Jefferson Lindsay, Patrick Murray and William Countryman.

Sheriff Potter secured an alleged partial confession from Murray, who says that the robbery had been planned a week before it was pulled off by Wallace, Kirby and Judeman. Judeman held the horses while Wallace and Kirby held up the bank. The three men returned to the "Rain" MacDonald cabin the following morning, where Sheriff Potter and his posse captured them. Murray says the men had a dispute over a division of the spoils and a fight nearly arose because Kirby, who had charge of the plunder, claimed to have lost part of it on the road. Kirby had about \$1,200 to divide. Murray claims he was innocent of any complicity in the holdup.

## LIFE INSURANCE SWINDLE.

Serious Charge Against an Italian in New York.

New York, Jan. 17.—Bartolomeo C. Cirino, an Italian, is under arrest here charged with swindling life insurance companies. It is alleged that he was implicated in a scheme by which several of the leading companies of the country were induced to part with from \$1,000 to \$3,000 each. In 1901 policies were issued on the life of a man supposed to be Raphael Tramburulo, who was examined and found to be a good risk. Last month Tramburulo was reported dead and in several cases the face of the policy was paid. The companies had the body exhumed and it was found to be that of a man about eighty years old and with both the right arm and leg missing. The money had been paid to a woman claiming to be Tramburulo's daughter.

## MILES OF WIRE STOLEN.

Seven Expert Linemen Arrested at Grand Rapids, Mich.

Grand Rapids, Mich., Jan. 17.—During the past six months the Bell Telephone, Citizens' Telephone, Interurban and Street Railway companies of this city have been systematically robbed by expert linemen, and seven men are in jail charged with robbery.

During the period named, miles of copper trolley and telephone wire have been stolen. The wires, sometimes a mile at a stretch, were taken in one night, and as cheap iron wire was substituted, no interruption would occur in the operation of the systems.

It was stated during the evening that a prominent business man, whose name the police would not divulge, would be arrested, charged with being an accomplice and leader of the gang.

## Hawaiian Multi-Millionaire Dead.

Honolulu, Jan. 17.—Paul Isenborg is dead at Bremen of peritonitis. He was a capitalist and leaves a fortune variously estimated at from \$5,000,000 to \$10,000,000. He leaves two sons, one a senator of Hawaii. The banks and stores closed as a mark of respect to his memory.

THE GRUENHAGEN BUILDING GUTTED

By Fire Last Night at an Early Hour—Occupants Suffer Much Loss

ELKS HALL COMPLETELY RUINED

F. H. Gruenhagen Has \$6,000 Insurance and Others Carry Amounts to Cover Losses.

One of the worst fires in many months occurred last night when the Gruenhagen building was quite badly gutted and the occupants lost quite heavily. The fire started about 8 o'clock last evening and the first alarm brought out quite a crowd. The fire was a mysterious one and from general appearances after the smoke had cleared away it would not be said that the loss would amount to much, but this morning after the insurance men had been on the scene and others who were fair estimators, it was seen that the building was damaged much more than was at first thought. It is judged that \$2,000 will barely cover the loss on the building.

The fire started just a little past 8 o'clock, at the time the Modern Woodmen were holding a meeting in the Elk hall. They had just opened the lodge when someone remarked that they smell smoke, and on investigation a volume of smoke was found issuing from the northwest corner of the banquet room. An attempt was then made to have central give them the fire house, but S. H. Fairfax states that it was impossible to get the central hose house. The fire was found to have started in a small bedroom in the rear of the Gruenhagen store where John Atkinson sleeps. He was not in the room at the time but it is supposed that when he went out he left a light burning or a lighted match fell on the floor. This room was built up nearly to the ceiling and once the flames caught hold of the thin frame structure they spread very rapidly to all directions in the building. The fire ate its way along the small frame partition between A.V. Snyder's shoe store and the Gruenhagen plumbing shop and also along the joist and to the floors above.

The members of the Modern Woodmen at once formed themselves into a sort of fire brigade and quickly notified the fire department. By the time the department arrived the flames had made good headway and, considering the fact that the fire had eaten its way in between the joists and partitions the laddies did excellent service. They squelched the flames before the building was entirely enveloped, and prevented much more damage than might have resulted.

It was absolutely necessary for the department to use a stream of water and it was from water and smoke that most of the damage resulted.

The stock of boots and shoes of A. V. Snyder which is located in the north store building of the block was completely saturated. The stock was insured for \$1,500 and \$125 was carried on the fixtures. Miss Lillian Phillips, who has a millinery stock on the north side of the store carried \$200 on her stock. This stock was almost a total loss.

F. H. Gruenhagen carried \$6,000 insurance on the building. This insurance was carried with the R. G. Vallentyne, Keene & McFadden, J. R. Smith and Howard Isham agencies. It is estimated that the loss on building will be about \$2,000.

The beautiful Elks' hall presents a disastrous appearance this morning. The entire room has been gutted and will have to be all overhauled and re-finished. All the elegant furniture belonging to the order was removed before any damage was done, and the loss to the lodge will be nominal. The lodge carried \$2000 insurance on the furniture.

F. H. Gruenhagen carried \$500 on his stock which it is thought will cover the loss as it was not damaged to any extent.

Mr. Gruenhagen will have carpenters at work as soon as the losses are adjusted and the building will be repaired as soon as possible.

Miss Phillips, at ten o'clock this morning was paid in full by the Niagara Insurance Co. through R. G. Vallentyne for the loss to her millinery stock.

The Woodmen have engaged Odd Fellows hall and will hold a meeting there next Friday night.

O. C. EVANS' CLOSE CALL.

While Putting Up the Frame Work for the New Fixtures in John Cochran's Barber Shop.

Last evening while O. C. Evans, a carpenter, was at work on the new fixtures in the John Cochran barber shop, the large frame work which was being nailed on the west side of the room fell and caught him in the eye, knocking him senseless for a time. He was assisted from his perilous position by the aid of some of the men about the place, but it was sometime before he regained his consciousness.

He is feeling pretty sore but is able to be at work today.

The Dispatch Voting Contest.

Elsewhere in this issue appears an announcement of another voting contest inaugurated by THE DISPATCH. Last year a contest was held for the most popular teacher in the Brainerd schools. Owing to an unforeseen circumstance the contest was not an equal one, and it has been decided to again make the vote for the most popular teacher, the prize being a private box, or six parquet seats if preferred, to see the noted actor, Chas. B. Hanford, in Shakespeare's master-piece, "Much Ado About Nothing," at the Brainerd opera house, Thursday evening, Jan. 29th. A coupon is contained in the announcement, which is alone to be used in voting. The teacher receiving the most votes by 12 o'clock, Wednesday noon, Jan. 28th, will be declared the winner, and the result will be announced in the DAILY DISPATCH of that date, and tickets will be sent to the successful person immediately. Every child in the schools should cut out the coupon and write the name of their favorite teacher in the space for that purpose, and send or bring it to this office before 12 o'clock, noon, Wednesday, Jan. 28th. Only coupons cut from the paper will be counted. The vote will be announced each day.

CHARGE MURDER IN THE FIRST DEGREE

Grand Jury at Park Rapids Returns an Indictment Against Richard Palmer.

KILLED THOS. SEELEY WITH RIFLE

And It is Claimed the Case Against Him is a Very Strong One.

The grand jury has returned an indictment of murder in the first degree against Richard Palmer, who early in December shot and killed one Thos. Seelye, a well known character around spur seventy-five on the M. & I. It will be remembered that the two men had been drinking quite heavily during the night and they had begun to quarrel as the morning hours began to dawn. Palmer went and got his rifle, as he explained later, to show it to his friend and in lifting it over the bar in his saloon it accidentally discharged.

At the coroners inquest Palmer was exonerated, it being decided that Seelye came to his death through the accidental discharge of the gun.

A sudden turn of affairs occurred a few days afterwards. Palmer told the story to the coroners jury that Seelye wanted to see his gun and in handing it over the bar the trigger snapped and the gun went off accidentally, killing Seelye instantly. The story evidently went with the jury and Palmer was exonerated of the crime.

Ere twilight, however, it was learned that there was an eye witness to the tragedy which occurred in that dingy bar room at an early hour in the morning and that witness was a young man, who now claims that he was told to get out of sight under threat of being killed by Palmer.

The lad was located at Bemidji and he told the story of the crime in harrowing details stating that the men had quarreled and that Palmer, deliberately went and got the rifle, took aim and fired, hitting Seelye in the temple.

Along with these horrible details, and the evident deception of Palmer, the officials could but take prompt action so Palmer was immediately placed under arrest again and was brought down to Walker and lodged in jail for safe keeping where he remained until the term of court opened at Park Rapids.

Attorney A. H. Hall, one of the leading criminal attorneys in the northwest, passed through the city today en route to Park Rapids where will defend Palmer.

WALKER WHITESIDE COMPANY.

The Brainerd theatre is going to be packed this evening to welcome back on this his return engagement, the eminent artist Mr. Walker Whiteside and his excellent company in a grand performance of "Richard III".

It has been years since this great play was produced throughout the country, and theatre goers should consider themselves fortunate in being able to witness a revival of it, and particularly in as much as that revival will be on a grand scale. The scenery will be new and elaborate and the costumes from original designs by Miller of London. Special incidental music has been composed expressly for this production. Mr. Whiteside should reap a golden harvest and add immeasurably to his reputation as an artist and careful producer of classic plays.

Seats have been selling very rapidly at Dunn's but there is still plenty of good sittings to be had so let nobody stay away on this account.

Seeley, a well known character around Park Rapids, on the M. & N. It will be remembered that the two men had been drinking quite heavily during the night and they had begun to quarrel as the morning hours began to dawn. Palmer went and got his rifle, as he explained later, to show it to his friend and in lifting it over the bar in his saloon it accidentally discharged.

At the coroners inquest Palmer was exonerated, it being decided that Seeley came to his death through the accidental discharge of the gun.

A sudden turn of affairs occurred a few days afterwards. Palmer told the story to the coroner's jury that Seeley wanted to see his gun and in handing it over the bar the trigger snapped and the gun went off accidentally, killing Seeley instantly. The story evidently went with the jury and Palmer was exonerated of the crime.

Ere twilight, however, it was learned that there was an eye witness to the tragedy which occurred in that dingy bar room at an early hour in the morning and that witness was a young man, who now claims that he was told to get out of sight under threat of being killed by Palmer.

The lad was located at Bemidji and he told the story of the crime in harrowing details stating that the men had quarreled and that Palmer, deliberately went and got the rifle, took aim and fired, hitting Seeley in the temple.

Along with these horrible details, and the evident deception of Palmer, the officials could but take prompt action so Palmer was immediately placed under arrest again and was brought down to Walker and lodged in jail for safe keeping where he remained until the term of court opened at Park Rapids.

Attorney A. H. Hall, one of the leading criminal attorneys in the northwest, passed through the city today en route to Park Rapids where will defend Palmer.

## MUSIC AND DRAMA.

WALKER WHITESIDE COMPANY.

The Brainerd theatre is going to be packed this evening to welcome back on this his return engagement, the eminent artist Mr. Walker Whiteside and his excellent company in a grand performance of "Richard III".

It has been years since this great play was produced throughout the country, and theatre goers should consider themselves fortunate in being able to witness a revival of it, and particularly in as much as that revival will be on a grand scale. The scenery will be new and elaborate and the costumes from original designs by Miller of London. Special incidental music has been composed expressly for this production. Mr. Whiteside should reap a golden harvest and add immeasurably to his reputation as an artist and careful producer of classic plays.

Seats have been selling very rapidly at Dunn's but there is still plenty of good sittings to be had so let nobody stay away on this account.

WANTED—Position by young man of good habits, store or restaurant work preferred. Call or address, D. C. B. 702 4th St. south. 83t

## RECESS IN MERGER CASE

NEW YORK HEARING ADJOURNS  
TO MEET IN ST. PAUL ON  
JAN. 20.

MUST REPORT BY FEB. 15

Special Examiner Ingersoll States  
That He Will Have to Go Through  
With the Taking of Testimony by  
That Time in Order to Lay it Before  
the Court in Minnesota—Stetson and  
Clough Testify.

New York, Jan. 17.—The last hearing in New York in the case of the state of Minnesota against the Northern Securities company was held during the afternoon and an adjournment was taken to Jan. 20 at St. Paul, Minn. Special Examiner Ingersoll stated that he would have to finish the taking of testimony in order to report to the court in Minnesota by Feb. 15. The hearing during the day resulted in a stipulation by both sides being drawn up and placed on the record, as to the transactions of Dec. 27, 1901, at J. P. Morgan & Co.'s bank, when Northern Pacific preferred stock, retired, was paid for, and convertible bonds issued to raise the money needed to pay for the retired stock were sold to the Northern Securities company to the extent of \$34,709,062. The check drawn by the Securities company on Morgan & Co. for \$34,709,062 was exhibited at the hearing. The stipulation says that on Dec. 27 the Northern Securities company owned about \$41,000,000 of the preferred stock of the Northern Pacific, practically all of which stock had been secured from E. H. Harriman and Winslow S. Pierce, trustees. On Dec. 27 the stipulation says, the Northern Pacific company paid off and retired at par the preferred stock presented to it by the Northern Securities company, paying for the same with its Northern Pacific check on J. P. Morgan & Co. in favor of the Northern Securities company for \$34,709,060. On that day the Northern Securities company paid for the convertible bonds which it bought from the Northern Pacific with a check for \$34,709,062. This check was on Morgan & Co. bankers for the Securities company, as well as the Northern Pacific, and the difference between the two big checks was only \$62. Both of the checks were deposited with Morgan & Co. in the  
Usual Course of Business.

It was brought out that the Northern Pacific had about \$500,000 on deposit Dec. 27, 1901, besides the money needed to meet the demands of retiring its preferred stock.  
Francis Lynde Stetson, who was present as general counsel for the Northern Pacific, was called as a witness and an effort was made by counsel for Minnesota to get testimony from him that he discussed, as counsel, with Mr. Morgan or Colonel Clough, the question whether the proposed company (Northern Securities) would violate the laws of Minnesota or any law. Mr. Stetson did not remember that he did, but he was ready to give his opinion of the legality of the Northern Securities company, indicating that he believed it had the right as a person to hold stock of two or more railroads, a point he thought had been settled by the Pearsall case. Witness said he advised Colonel Clough as to the best way to form an investment company under the laws of New Jersey and he said that of the incorporators of the Northern Securities company Mr. Baker and Mr. Perkins (Morgan & Co.) suggested Messrs. Hyatt and Trimble.  
Colonel Clough gave some testimony to be inserted in the records later as to the home office of the Northern Securities company, which, he said, was in Hoboken, N. J., though it had an office in New York city. It had no property at all in Minnesota. The Great Northern, he said, acted under a special charter and could transact its business anywhere.

## CRITICISES THE CLAN-NA-GAEL.

Colonel Blake Asks Why No Help Was  
Given the Boers.

Pawtucket, R. I., Jan. 17.—Before the members of several Irish societies, at a reception given in his honor during the evening, Colonel John Y. F. Blake, leader of the Irish brigade in the Boer war, made what he said was his first statement as to the financial assistance given to Irishmen in the field by societies in this country. The statement came as a surprise. He said that the Clan-na-Gael claimed to have appropriated \$10,000 with which to bring home the Irish brigade from South Africa, and that the people now are inquiring about the expenditure of that money. He disclaimed having received any money from the organization and had knowledge of only two sums of money sent to the Transvaal. In the statement issue is taken with officers of the Clan-na-Gael over their failure to help the Irishmen in the field. In conclusion, Colonel Blake said:

"I would like to know why the Irish in America did not do something for the Boers' cause. The Clan-na-Gael has been claiming the credit of sending out the Chicago ambulance corps, when, in fact, the corps was sent out by money raised by private subscription, independent of all organizations."

## STRONG RUMORS OF DEFEAT.

Believed Morocco Imperial Forces  
Have Met Disaster.

Tangier, Jan. 17.—The latest news from Fez indicates that operations against the pretender commenced Jan. 11. Rumors from Tetuan indicate that fresh disaster has overtaken the imperial forces. These rumors are considered to be quite credible, because of the well known incapacity of the commanders who were entrusted with the expedition.

## RESTRICTS COAL PRODUCTION.

Mine Officials Give Their Opinion of  
the United Mine Workers.

Philadelphia, Jan. 17.—More mine officials during the day informed the coal strike commissioners that under the influence of the union the mine workers restricted the production of anthracite coal and interfered with the discipline of the employees. The Erie company closed its case early in the day after calling a physician who testified to the good health of the mine workers. The Scranton Coal company, which operates, besides its own collieries, the Elk Hill Coal and Iron company, then took up the attack on the demands of the miners. The Scranton and the Elk Hill companies turn their coal over to the New York, Ontario and Western railroad, which virtually controls them. The witnesses called during the day testified generally that no blacklist existed; that the contract miners worked on an average of from six to seven hours a day; that the local unions compelled the men to load an equal number of cars, thus restricting the output; that the men were careless in obeying orders and that frequent petty strikes occurred whenever a union man was dismissed for insubordination. One inside foreman, in his testimony, said the employment of a check weighman, insisted upon by the union, has proved to be a good thing for the company, because the miners sent to the surface cleaner coal. The accountant for the Scranton Coal company presented figures which showed that since a check docking boss was employed by the company at the request of the miners, the docking against the men had been reduced about one-half. The miners pay the wages of the check weighman and the check docking boss.

## PRIVATE WAR CLAIMS.

House Has a Lively Tilt Over the Bill  
of an Iowa Firm.

Washington, Jan. 17.—The house devoted the day to private war claims, passing about twenty. The two features of the day were the defeat of a claim of R. F. Moody & Co. of Keokuk, Ia., for the payment of the amount deducted from the contract for furnishing equipment to the Third Iowa cavalry by the famous commission which unearthed the army contract frauds in St. Louis in 1863, and the fight of Mr. Payne, the floor leader of the majority, against an omnibus resolution to refer ninety Southern claims, aggregating \$400,000, for stores and supplies taken by the Union army during the Civil war to the court of claims for finding of fact under the Tucker act. The former bill led to a lively controversy between Iowa members, Messrs. Smith and Hedge. Mr. Hitt of Illinois, the chairman of the foreign affairs committee, was the stenographer of the commission and was able personally to corroborate Mr. Hedge in his opposition to the bill. The combination in favor of the omnibus claims resolution was too strong for Mr. Payne, but on the final vote the quorum failed. As the previous question had been ordered the vote on the adoption of the resolution will be the first thing in order on the next claims day.

## GOOD ROADS ASSOCIATION.

Minnesota Organization Closes Its Session  
at St. Paul.

St. Paul, Jan. 17.—The delegates to the State Good Roads association completed a two days' session during the day by electing George W. Cooley as president and naming George L. Wilson of St. Paul as secretary. The election in each case was without incident.

W. M. Hayes of St. Paul and W. R. Hoag and James T. Elwell, both of Minneapolis, were named as a committee to secure the revision of the constitution in so far as it relates to the reforms that the association is trying to bring about. The naming of vice presidents, which will include one from each county, will be done later by President Cooley.

Four resolutions relating to road building and state aid were introduced and passed without a dissenting voice. One urged the passage of a law carrying into effect the state aid plan, the second favored a law providing for the payment of the road tax in cash, the third recommended the passage of the Brownlow bill, and the fourth instructed the president to name a vice president ex-officio from each district.

## FROM ALL PARTS OF CUBA.

Delegates to Anti-Administration Convention Meet in Havana.

Havana, Jan. 17.—The definite organization of an opposition party was begun here during the evening with a convention of delegates from all parts of Cuba. Representatives of all the elements opposed to the administration were present. The differences among the various opposition elements, however, threaten to prevent party unity. As an example of this the delegates from Santiago de Cuba were instructed to favor the Palma policy, while those from Puerto Principe demand declarations against the carrying out of the ideas expressed in the Platt amendment. Senor Tamayo, the Radical leader, who was obliged to resign as secretary of the interior on account of his attitude during the strike two months ago, is considered to have control of the convention.

## Prominent Denver Lawyer Dead.

Denver, Jan. 17.—Judge Westbrook S. Decker, one of the best known attorneys of Denver, died during the night of pneumonia, aged sixty-three years. Judge Decker was the first district attorney for Colorado. In 1899 he married Mrs. Sarah Platt, who has for years been prominent in women club circles.

## Valuable Painting Stolen.

Rome, Jan. 17.—It has been reported here that the famous bas relief, "The Descent From the Cross," by Luca Della Robbia, has been stolen from the church of San Severo, Florence. The bas relief is valued at \$100,000.

## Four More Plague Victims.

Mazatlan, Mex., Jan. 17.—Eight new cases of plague and four deaths were reported during the day, while four more of the lazaretto patients are dying.

## ON NOTICE OF DEBATE

RESOLUTION TO INQUIRE INTO  
ISSUE OF PASSES TO MEM-  
BERS GOES OVER.

SENATE TAKING THINGS EASY  
THE SESSION LASTING ONLY  
THIRTEEN MINUTES.

St. Paul, Jan. 17.—It was a great day for railroad propositions in the house. Representative Anthony Yoerg, Ramsey, produced a sensation when he introduced a resolution, summarizing some of the statements of President C. S. Mellen of the Northern Pacific Railway company with regard to passes issued to legislators, and calling for a special committee of nine to investigate the subject, with power to send for persons and papers and compel their attendance.

Such a committee would have authority even greater than a grand jury, for there are no restrictions upon its power to pry into things. For the time being, it is above the courts, for not even the supreme court can interfere with its proceedings.

Representative George W. Armstrong, Hennepin, immediately gave notice of debate, and thus interrupted Mr. Yoerg in his motion that the resolution be adopted. Under the rules, the resolution must lie on the table till next Tuesday, when the house again meets.

Representative Johnson, Hennepin, handed up the next railroad proposition, a new 4 per cent gross earnings bill.

It is in form much the same as the bill that was submitted to the voters last fall, except that the method of calculating the gross earnings is different.

The gross earnings within the state shall be computed by taking a portion of the entire gross earnings of any system, in the same proportion as the mileage of the road within the state bears to the entire mileage of the system.

This is substantially the same as in the existing law and thus does away with the objection that was covertly raised by the railroad organs in the last campaign to the bill that was then pending.

Other bills introduced were:  
H. F. 39, Morley—Amending board of control act.

H. F. 40, Clay—Regulating interest on sale of state lands.

H. F. 41, Wilder—Amending law relating to mutual insurance companies.

H. F. 42, Sander—Appropriation for state forestry board.

H. F. 43, Kelly, J. B.—Certificates of indebtedness by cities of \$,000 or less for waterworks.

H. F. 44, Morley—Inspection of steam vessels.

H. F. 45, Swanson—Appropriation for Grand Rapids experiment farm.

H. F. 47, Deming—Uniform negotiable instrument law.

## EASY LIFE IN THE SENATE.

Session Lasts Thirteen Minutes and  
Adjourns to Tuesday.

Had it not been for a slight disagreement as to the time to which the senate should adjourn, that body would have been in session just ten minutes. As it was, some difference of opinion existed as to whether the time for reassembling should be Monday night or Tuesday morning, and by the time the latter had been agreed to thirteen minutes had elapsed from the time the president's gavel called the members to order for the invocation.

Seven bills were introduced in the brief sitting, and after the vote for adjournment three committee meetings were held, only one of which accomplished anything. This was the committee on municipal corporations, and it reported favorably on two bills.

The first bill to receive sanction was S. F. 7, relating to acts of incorporated villages. The measure provides, in a curative way, for the legalizing of acts performed by officers of incorporated villages, which might be construed as violating the terms of the incorporation, but which were performed in good faith in the performance of duty.

S. F. 33, introduced during the day, was also considered favorably. The bill provides that cities with populations of 10,000 or less may issue certificates of indebtedness for amounts not exceeding \$5,000 for the purpose of constructing waterworks. Under its provisions cities of the size of Hastings and South St. Paul are empowered to build waterworks in this manner, and the latter will avail itself of the privilege this summer.

One of the bills introduced grants \$5,000 to Boda Wingstrand, who was an employee in the asylum at St. Peter. She was injured while at work in the laundry of the institution by being caught in a machine, and will be incapacitated for life.

O. G. Dale fathers a bill for the purpose of allowing farmers a bounty for clearing weeds from public highways. It is proposed to allow \$2 a mile, to be deducted from taxes.

S. F. 32, which Senator Laugen introduced, provides for the cession of a portion of the State of Minnesota to Wisconsin. The territory consists of an island in the Mississippi river, which is part of the town of La Crosse, which is situated on the opposite bank of the river, recently purchased the island and has spent \$100,000 in converting it into a park, which he has deeded to La Crosse. The island is known as Barron Island.

The motive in seeking the cession of the isle, is to give the city of La Crosse police rights on it.

## Hebrew Manuscript Bible Found.

Cairo, Jan. 17.—One of the oldest Hebrew manuscript Bibles has been discovered in Syria. It consists of the five books of the Pentateuch, written in Samaritan character on gazelle parchment in the year 116 of the Moslem era. It shows important differences from the existing text.

## The Mountain View Route.

This is what the Northern Pacific—Shasta, or Shasta—Northern Pacific Route—it reads as well backward as forward—may well be called.

The route takes its name from Mt. Shasta in northern California. This white, snow capped peak, at the foot of which the Shasta route winds, is 14,350 feet high. The mountain is in plain view for several hours from the train and its distance from the track varies from twelve to seventy-five miles.

The beautiful scenery of the Sacramento river at the base of Shasta, is connected with this route only. Castle Crag, Mossbrae Falls and the natural twin soda fountains at Shasta Springs are scenic gems.

The crossing of the Siskiyou range furnishes the par excellence of railway mountain scenery and observation cars are furnished there free of charge. Then in succession comes Mts. Jefferson, Hood—a beautiful mountain—St. Helens, Rainier—14,532 feet high—and Adams, all former active volcanoes and now covered with glaciers.

From Portland a steamboat ride trip up the noble Columbia river to the Cascades and Dalles enables the tourist to see a river, palisades, waterfalls and mountains far surpassing anything the Hudson can show.

An opportunity is also given to visit Tacoma, Seattle, Victoria, Vancouver and the Puget Sound region.

Then follow the cascade range and the Rockies, and best of all, a stop can be made at Yellowstone Park.

This line traverses the finest scenic region of the United States—don't forget it, and see that your return tickets home from California read around this way.

The train service between Portland and the Puget Sound country, and Duluth, Minneapolis and St. Paul via Spokane, Butte and Helena, is unsurpassed, including through trains daily, one of which is the noted "North Coast Limited."

New York, Jan. 17.—The last hearing in New York in the case of the state of Minnesota against the Northern Securities company was held during the afternoon and an adjournment was taken to Jan. 20 at St. Paul, Minn. Special Examiner Ingersoll stated that he would have to finish the taking of testimony in order to report to the court in Minnesota by Feb. 15. The hearing during the day resulted in a stipulation by both sides being drawn up and placed on the record, as to the transactions of Dec. 27, 1901, at J. P. Morgan & Co.'s bank, when Northern Pacific preferred stock, retired, was paid for, and convertible bonds issued to raise the money needed to pay for the retired stock were sold to the Northern Securities company to the extent of \$34,709,062. The check drawn by the Securities company on Morgan & Co. for \$34,709,062 was exhibited at the hearing. The stipulation says that on Dec. 27 the Northern Securities company owned about \$41,000,000 of the preferred stock of the Northern Pacific, practically all of which stock had been secured from E. H. Harriman and Winslow S. Pierce, trustees. On Dec. 27 the stipulation says, the Northern Pacific company paid off and retired at par the preferred stock presented to it by the Northern Securities company, paying for the same with its Northern Pacific check on J. P. Morgan & Co. In favor of the Northern Securities company for \$34,709,062. On that day the Northern Securities company paid for the convertible bonds which it bought from the Northern Pacific with a check for \$34,709,062. This check was on Morgan & Co., bankers for the Securities company, as well as the Northern Pacific, and the difference between the two big checks was only \$62. Both of the checks were deposited with Morgan & Co. in the

Usual Course of Business.  
It was brought out that the Northern Pacific had about \$500,000 on deposit Dec. 27, 1901, besides the money needed to meet the demands of retiring its preferred stock.

Francis Lynde Stetson, who was present as general counsel for the Northern Pacific, was called as a witness and an effort was made by counsel for Minnesota to get testimony from him that he discussed, as counsel, with Mr. Morgan or Colonel Clough, the question whether the proposed company (Northern Securities) would violate the laws of Minnesota or any law. Mr. Stetson did not remember that he did, but he was ready to give his opinion of the legality of the Northern Securities company, indicating that he believed it had the right as a person to hold stock of two or more railroads, a point he thought had been settled by the Pearsall case. Witness said he advised Colonel Clough as to the best way to form an investment company under the laws of New Jersey and he said that of the incorporators of the Northern Securities company Mr. Baker and Mr. Perkins (Morgan & Co.) suggested Messrs. Hyatt and Trimble.

Colonel Clough gave some testimony to be inserted in the records later as to the home office of the Northern Securities company, which, he said, was in Hoboken, N. J., though it had no office in New York city. It had no property at all in Minnesota. The Great Northern, he said, acted under a special charter and could transact its business anywhere.

**CRITICISES THE CLAN-NA-GAEL.**

Colonel Blake Asks Why No Help Was  
Given the Boers.

Pawtucket, R. I., Jan. 17.—Before the members of several Irish societies, at a reception given in his honor during the evening, Colonel John Y. F. Blake, leader of the Irish brigade in the Boer war, made what he said was his first statement as to the financial assistance given to Irishmen in the field by societies in this country. The statement came as a surprise. He said that the Clan-na-Gael claimed to have appropriated \$10,000 with which to bring home the Irish brigade from South Africa, and that the people now are inquiring about the expenditure of that money. He disclaimed having received any money from the organization and had knowledge of only two sums of money sent to the Transvaal. In the statement issue is taken with officers of the Clan-na-Gael over their failure to help the Irishmen in the field. In conclusion, Colonel Blake said:

"I would like to know why the Irish in America did not do something for the Boers' cause. The Clan-na-Gael has been claiming the credit of sending out the Chicago ambulance corps, when, in fact, the corps was sent out by money raised by private subscription, independent of all organizations."

**STRONG RUMORS OF DEFEAT.**

Believed Morocco Imperial Forces  
Have Met Disaster.

Tangier, Jan. 17.—The latest news from Fez indicates that operations against the pretender commenced Jan. 11. Rumors from Tetuan indicate that fresh disaster has overtaken the imperial forces. These rumors are considered to be quite credible, because of the well known incapacity of the commanders who were entrusted with the expedition.

## RESTRICTS COAL PRODUCTION.

Mine Officials Give Their Opinion of  
the United Mine Workers.

Philadelphia, Jan. 17.—More mine officials during the day informed the coal strike commissioners that under the influence of the union the mine workers restricted the production of anthracite coal and interfered with the discipline of the employees. The Erie company closed its case early in the day after calling a physician who testified to the good health of the mine workers. The Scranton Coal company, which operates, besides its own collieries, the Elk Hill Coal and Iron company, then took up the attack on the demands of the miners. The Scranton and the Elk Hill companies turn their coal over to the New York, Ontario and Western railroad, which virtually controls them. The witnesses called during the day testified generally that no blacklist existed; that the contract miners worked on an average of from six to seven hours a day; that the local unions compelled the men to load an equal number of cars, thus restricting the output; that the men were careless in obeying orders and that frequent petty strikes occurred whenever a union man was dismissed for insubordination. One inside foreman in his testimony, said the employment of a check weighman, insisted upon by the union, has proved to be a good thing for the company, because the miners sent to the surface cleaner coal. The accountant for the Scranton Coal company presented figures which showed that since a check docking boss was employed by the company at the request of the miners, the docking against the men had been reduced about one-half. The miners pay the wages of the check weighman and the check docking boss.

**PRIVATE WAR CLAIMS.**

House Has a Lively Tilt Over the Bill  
of an Iowa Firm.

Washington, Jan. 17.—The house devoted the day to private war claims, passing about twenty. The two features of the day were the defeat of a claim of B. F. Moody & Co. of Keokuk, Ia., for the payment of the amount deducted from the contract for furnishing equipment to the Third Iowa cavalry by the famous commission which unearthed the army contract frauds in St. Louis in 1893, and the fight of Mr. Payne, the floor leader of the majority, against an omnibus resolution to refer ninety Southern claims, aggregating \$400,000, for stores and supplies taken by the Union army during the Civil war to the court of claims for finding of fact under the Tucker act. The former bill led to a lively controversy between Iowa members, Messrs. Smith and Hedge. Mr. Hitt of Illinois, the chairman of the foreign affairs committee, was the stenographer of the commission and was able personally to corroborate Mr. Hedge in his opposition to the bill. The combination in favor of the omnibus claims resolution was too strong for Mr. Payne, but on the final vote the quorum failed. As the previous question had been ordered the vote on the adoption of the resolution will be the first thing in order on the next claims day.

**GOOD ROADS ASSOCIATION.**

Minnesota Organization Closes Its Session  
at St. Paul.

St. Paul, Jan. 17.—The delegates to the State Good Roads association completed a two days' session during the day by electing George W. Cooley as president and naming George L. Wilson of St. Paul as secretary. The election in each case was without incident.

W. M. Hayes of St. Paul and W. R. Hoag and James T. Ellwell, both of Minneapolis, were named as a committee to secure the revision of the constitution in so far as it relates to reforms that the association is trying to bring about. The naming of vice presidents, which will include one from each county, will be done later by President Cooley.

Four resolutions relating to road building and state aid were introduced and passed without a dissenting voice. One urged the passage of a law carrying into effect the state aid plan, the second favored a law providing for the payment of the road tax in cash, the third recommended the passage of the Brownlow bill, and the fourth instructed the president to name a vice president ex-officio from each district.

**FROM ALL PARTS OF CUBA.**

Delegates to Anti-Administration Convention Meet in Havana.

Havana, Jan. 17.—The definite organization of an opposition party was begun here during the evening with a convention of delegates from all parts of Cuba. Representatives of all the elements opposed to the administration were present. The differences among the various opposition elements, however, threaten to prevent party unity. As an example of this the delegates from Santiago de Cuba were instructed to favor the Palma policy, while those from Puerto Principe demand declarations against the Palma policy and against the carrying out of the ideas expressed in the Platt amendment. Senator Tamayo, the Radical leader, who was obliged to resign as secretary of the interior on account of his attitude during the strike two months ago, is considered to have control of the convention.

**Prominent Denver Lawyer Dead.**

Denver, Jan. 17.—Judge Westbrook S. Decker, one of the best known attorneys of Denver, died during the night of pneumonia, aged sixty-three years. Judge Decker was the first district attorney for Colorado. In 1890 he married Mrs. Sarah Platt, who has for years been prominent in women club circles.

**Valuable Painting Stolen.**

Rome, Jan. 17.—It has been reported here that the famous bas relief, "The Descent From the Cross," by Luca Della Robbia, has been stolen from the church of San Severo, Florence. The bas relief is valued at \$100,000.

**Four More Plague Victims.**

Mazatlan, Mex., Jan. 17.—Eight new cases of plague and four deaths were reported during the day, while four more of the lazaretto patients are dying.

## ON NOTICE OF DEBATE

RESOLUTION TO INQUIRE INTO  
ISSUE OF PASSES TO MEMBERS GOES OVER.

SENATE TAKING THINGS EASY  
THE SESSION LASTING ONLY  
THIRTEEN MINUTES.

St. Paul, Jan. 17.—It was a "real day" for railroad propositions in the house. Representative Anthony Voerg, Ramsey, produced a sensation when he introduced a resolution, summarizing some of the statements of President C. S. Mellen of the Northern Pacific Railway company with regard to passes issued to legislators, and calling for a special committee of nine to investigate the subject, with power to send for persons and papers and compel their attendance.

Such a committee would have authority even greater than a grand jury, for there are no restrictions upon its power to pry into things. For the time being, it is above the courts, for not even the supreme court can interfere with its proceedings.

Representative George W. Armstrong, Hennepin, immediately gave notice of debate, and thus interrupted Mr. Voerg in his motion that the resolution be adopted. Under the rules, the resolution must lie on the table till next Tuesday, when the house again meets.

Representative Johnson, Hennepin, handed up the next railroad proposition, a new 4 per cent gross earnings bill.

It is in form much the same as the bill that was submitted to the voters last fall, except that the method of calculating the gross earnings is different.

The gross earnings within the state shall be computed by taking a portion of the entire gross earnings of any system, in the same proportion as the mileage of the road within a state bears to the entire mileage of the system.

This is substantially the same as in the existing law and thus does away with the objection that was covertly raised by the railroad organs in the last campaign to the bill that was then pending.

Other bills introduced were:

H. F. 39, Morley—Amending board of control act.

H. F. 40, Clay—Regulating interest on sale of state lands.

H. F. 41, Wilder—Amending law relating to mutual insurance companies.

H. F. 42, Sander—Appropriation for state forestry board.

H. F. 43, Kelly, J. B.—Certificates of indebtedness by cities of \$,000 or less for waterworks.

H. F. 44, Morley—Inspection of steam vessels.

H. F. 45, Swanson—Appropriation for Grand Rapids experiment farm.

H. F. 47, Deming—Uniform negotiable instrument law.

**EASY LIFE IN THE SENATE.**

Session Lasts Thirteen Minutes and  
Adjourns to Tuesday.

Had it not been for a slight disagreement as to the time to which the senate should adjourn, that body would have been in session ten minutes. As it was, some difference of opinion existed as to whether the time for reassembling should be Monday night or Tuesday morning, and by the time the latter had been agreed to thirteen minutes had elapsed from the time the president's gavel called the members to order for the invocation.

Seven bills were introduced in the brief sitting, and after the vote for adjournment three committee meetings were held, only one of which accomplished anything. This was the committee on municipal corporations, and it reported favorably on two bills.

The first bill to receive sanction was S. F. 7, relating to acts of incorporated villages. The measure provides, in a curative way, for the legalizing of acts performed by officers of incorporated villages, which might be construed as violating the terms of the incorporation, but which were performed in good faith in the performance of duty.

S. F. 33, introduced during the day, was also considered favorably. The bill provides that cities with populations of 10,000 or less may issue certificates of indebtedness for the purpose of constructing waterworks. Under its provisions cities of the size of Hastings and South St. Paul are empowered to build waterworks in this manner, and the latter will avail itself of the privilege this summer.

One of the bills introduced grants \$5,000 to Boda Wingstrand, who was an employee in the asylum at St. Peter. She was injured while at work in the laundry of the institution by being caught in a machine, and will be incapacitated for life.

O. G. Dale fathers a bill for the purpose of allowing farmers a bounty for clearing weeds from public highways. It is proposed to allow \$2 a mile, to be deducted from taxes.

S. F. 32, which Senator Laugen introduced, provides for the cession of a portion of the State of Minnesota to Wisconsin. The territory consists of an island in the Mississippi river, which is part of the town of La Crosse. A. W. Pettibone of La Crosse, which is situated on the opposite bank of the river, recently purchased the island and has spent \$100,000 in converting it into a park, which he has deeded to La Crosse. The island is known as Barron island.

The motive in seeking the cession of the island is to give the city of La Crosse police rights on it.

**Hebrew Manuscript Bible Found.**

Cairo, Jan. 17.—One of the oldest Hebrew manuscript Bibles has been discovered in Syria. It consists of the five books of the Pentateuch, written in Samaritan character on gazelle parchment in the year 116 of the Moslem era. It shows important differences from the existing text.

The Mountain View Route.

This is what the Northern Pacific—Shasta, or Shasta—Northern Pacific Route—it reads as well backward as forward—may well be called.

The route takes its name from Mt. Shasta in northern California. This white, snow capped peak, at the foot of which the Shasta route winds, is 14,350 feet high. The mountain is in plain view for several hours from the train and its distance from the track varies from twelve to seventy-five miles.

The beautiful scenery of the Sacramento river at the base of Shasta, is connected with this route only. Castle Crags, Mossbrae Falls and the natural twin soda fountains at Shasta Springs are scenic gems.

The crossing of the Siskiyou range furnishes the par excellence of railway mountain scenery and observation cars are furnished there free of charge. Then in succession comes Mts. Jefferson, Hood—a beautiful mountain—St. Helens, Rainier—14,532 feet high—and Adams, all former active volcanoes and now covered with glaciers.

From Portland a steamboat ride trip up the noble Columbia river to the Cascades and Dalles enables the tourist to see a river, palisades, waterfalls and mountains far surpassing anything the Hudson can show.

An opportunity is also given to visit Tacoma, Seattle, Victoria, Vancouver and the Puget Sound region.

Then follow the cascade range and the Rockies, and best of all, a stop can be made at Yellowstone Park.

This line traverses the finest scenic region of the United States—don't forget it, and see that your return tickets home from California read around this way.

The train service between Portland and the Puget Sound country, and Duluth, Minneapolis and St. Paul via Spokane, Butte and Helena, is unsurpassed, including through trains daily, one of which is the noted "North Coast Limited."
